Monica Rambeau has called herself Captain Marvel, Spectrum, Photon and more — but no matter the name, she's one of the most powerful heroes in the Marvel-Verse! And in Monica's first appearance, Spider-Man will learn that fact the hard way! As Monica struggles to keep her awesome energy abilities in check, will she find salvation — and a new home — with the Avengers? Monica flies solo with a new job as a ship's captain — but when hijackers target her vessel, she'll have to suit up to face their incendiary super-villain boss, Powderkeg! Then, when Carol Danvers takes on the Captain Marvel name, how does Monica feel about it? There may be trouble on the high seas for this pair of mighty Marvels! There's the Super-Adaptoid, a robotic creation with the combined powers of the entire Avengers; the Red Skull, who returns to destroy Captain America in the court of public opinion by convincing America that Cap has turned traitor; and the horrendous head of A.I.M., the one and only M.O.D.O.K., making his first appearance! And as if that wasn't enough, Nick Fury guest-stars and Cap battles Batroc in an action extravaganza! Reserve your star-spangled copy today!
